Re: Albion-Sheridan Township Landfill

Dear Mr. Moilanen:

I have received your request for copies of Cooper's 104(e) response in this matter. I had no trouble finding the McGraw-Edison file in the batch of files that were copied this past summer by counsel for the City of Albion, and have attached the response (with its attachments) to this fax. I look forward to your response tomorrow regarding whether your client will decide to participate in compliance with the Unilateral Administrative Order.

Very truly yours,
